FAQs

Who will be listening?

The audition panel will consist of the Director of Music, the Deputy Director of Music and the relevant Coordinator of Instrumental Department.

What do I have to play?

Candidates will be required to perform one piece of their choice (no more than 5 minutes), on their principal instrument, which may be accompanied or unaccompanied.

What if I play more than one instrument?

There is not time to hear more than one piece, however, please provide evidence of other musical studies. This may include examination reports or references from other music teachers. This extra study is taken into consideration.

How long does it take?

Auditions will be of approximately twenty minutes duration. A warm-up room will be provided for fifteen minutes before the audition.

Do I need an accompanist?

If you are playing a piece that requires accompaniment it is expected that it be performed complete. Please note that applicants are expected to provide their own accompanist or backing track. This is not a requirement for Keyboard and Guitar applicants.

What else happens?

There will also be sight-reading and aural test, followed by a short interview.

What happens afterwards?

After the auditions, the panel make their recommendations and a short list of candidates will be invited to attend an interview with the Principal.

Successful candidates will be notified by the Principal in writing and awards must be accepted within the stipulated time. The School's decision is final and no subsequent discussion will be entered into.
